

Facial Tonic

**FAIR
SQUARED**

The mild micellar water with revitalising green tea clarifies, soothes and refreshes the facial skin without affecting the lipid layer. Green tea has been used in Chinese medicine for centuries for its rejuvenating and healing properties. The toning toner removes the last traces of dirt, restores the pH value of the facial skin, helps to strengthen the skin's natural protective barrier and prepares the skin optimally for the absorption of facial care.
